Our Founder Message

My dear student,

At Resonance, we value your dream and zeal to achieve success and we are equally keen in your success in the targeted competitive examination as you and your parents are. Through Resonance's 'Commerce Division', we wish to extend our expertise in the commerce stream to the aspiring students. Our experts in the field deliver this expertise in the form of excellent teaching methodology and study material. With extraordinary results in our IIT Division, we wish to maintain the same tradition of success in the competitive examinations of CA, CS & CMA as well as the courses in 'Commerce Division' to support students of Class XI & XII (CBSE / RBSE) and B.Com. for conceptual strengthening, improved performance and bright future prospects.

Our results in the very first year of inception, itself recite our success story. The year 2012 saw a total of 35 selections in CS Foundation, 9 selections in CA-Final (Various Groups), 5 in CPT June 2012; 2 in CPT Dec 2012 and 5 students cleared both groups in CS Executive. In CS Professional, 3 out of total 5 students cleared all 4 groups in single attempt from Kota with Ranks 1, 2 & 4 in the Kota zone. IPCC saw a total of 34 successful students who qualified 1st Group, 14 students cleared 2nd Group, and 5 students cleared both groups. Such is the impact of the teaching methodology adopted by our faculty which is now successfully accepted by students across the country.

When you join Resonance, you automatically enter into a system that has already transformed around 1,50,000 aspiring & sincere students into successful & satisfied students. Since its inception in 2001, Resonance has focused mainly on providing a 'complete' system to students by effectively integrating the Kota coaching system with the essential aspects of academic management.

Over the past 12 years (2001-2013), Resonance has served its students with its core values as guiding principles. Our core values have been the key to our success and are the basis for everything we do. These values foster an environment that keeps our performance focused on the students. Serving our students is our solitary priority.

The 'Educational Excellence' of Resonance is built upon its successful coaching methodology of one of the toughest competitive examination "IIT-JEE" and with the same level of rigor it has been extended to divisions of Pre-Medical and now Commerce Division with Dedicated Faculty, Exclusive Study Material & Separate Course Plan.

The excellent system of Resonance makes a student much stronger and competent on all aspects required to excel in competitive examination including subject knowledge, exam temperament, problem solving and confidence however the major contribution still lies on the part of student himself in terms of sincerely following the system. The difference between a successful person and others is not a lack of knowledge or aspiration but it is the lack of self sincerity and able mentoring.

We have many trusting and supportive students and parents in all parts of the country and we wish to express our appreciation for their continued support and endorsement of our academic services. In our last 12 years of operations, we have achieved unprecedented success and I appreciate, congratulate and thank all our students & parents for their belief in Resonance.

I look forward to serving your highest order of scholastic expectations at Resonance.

Best Wishes,

R.K. Verma
